The Federal Laboratory Consortium for Technology Transfer (FLC) has selected MSFC's "Balanced Flow Meter" as a winner of the 2010 Award for Excellence in Technology Transfer. This award is presented annually by the FLC to recognize laboratory employees who have accomplished outstanding work in the process of transferring a technology developed by a federal laboratory to the commercial marketplace.

A recognition ceremony was held on April 29, 2010,
at the FLC national meeting in Albuquerque, New Mexico.
